## Summary

Frontend Developer with over 3.5 years of professional experience in designing and developing scalable web and mobile applications using ReactJS, NextJS, and React Native. Demonstrated expertise in performance optimization, including reducing load times by up to 30%, and in building reusable UI component libraries. Dedicated to delivering clean, maintainable code with a strong emphasis on user-centric design and adherence to agile development methodologies.

## Work Experience

- **Software Engineer, Adani Digital Labs (Mobile Programming India Pvt. Ltd.)**  
June 2024 - Present
  - Designed and developed multiple high-performance pages for the AdaniOne Train project using NextJS, including key features such as Train Running Status, Airlines Listing, and Hotel Details.
  - Implemented interactive and responsive user interfaces for the Trainman application using NextJS, delivering enhanced performance and user experience across pages such as the Fare Calculator and PNR Details.
- **Software Engineer, Okoders**  
April 2023 - March 2024
  - Contributed to the development of core functionalities for a UK-based fashion e-commerce application using React and React Native, ensuring a seamless cross-platform user experience.
  - Delivered key frontend modules for the Delhi Government's SewaBharti application, focusing on enhancing user interface, user experience, and overall app responsiveness.
- **Software Engineer, Jaxl Innovations**  
April 2021 - Dec 2022
  - Designed and maintained scalable, reusable UI components for the JaxlPhone application using Vanilla JavaScript and TypeScript; contributed to cross-platform codebases and implemented reusable logic to accelerate feature development.

## Projects

- **Web Playgrounds (ReactJS)** - <https://web-playgrounds.netlify.app/>
  - Built a browser-based IDE for HTML, CSS, and JS using React.js.
  - Implemented global state management using React Context API and enabled real-time preview rendering.

## Skills

- **Languages:** HTML, CSS, SCSS, Javascript, Typescript
- **Frameworks:** React, NextJS, React Native

## Education

- **Babu Banarasi Das: National Institute of Technology and Management**  
**B.Tech** - Computer Science (2017-2021) - **CGPA:** 8.0
